Re Design for a club hall over the existing new motor garage near Municipal Offices, Bangalore City

---

The file with the design and the estimate for the above has been referred to me for my opinion regarding the design

Before reporting to Government in the matter, I request you kindly to let me know whether it would not be better to build a full club in the ground floor providing all necessary facilities and tennis courts, etc , as per the enclosed design (No 1567) instead of building merely a hall above the garages

The favour of very early reply is requested as the file is to be returned to the Revenue Secretary
